Sheik & Deku

Cancelled Zelda project 01 (2005 - 2008)

Applying different mediums (as well as combinations) to explore a wide range of styles.

All in an effort to eke out an appealing art-direction that utilizes pencil hatching.

Fun pre-pre-pre-production origin story of the Master Sword.

Within the bad ending of "Ocarina of Time" exploring the last male Sheik's (after a genocidal ethnic-cleansing) journey transforming into the Master Sword. All while the Dark Gerudo are giving their 100 year birth to Gannon.
